MISSION & VISION

MISSION

The Jean Augustine Centre for Young Women's Empowerment is committed to building the self-esteem and self-worth of young women and girls by positively influencing their outlook on life, broadening their horizons, and helping them to empower themselves.

VISION

To enrich the lives of girls ages 7 to 17 years old with opportunities that place special emphasis on personal development and experiential learning.

CORE VALUES

EMPOWERMENT is essential for young women and girls to develop the skills, and acquire the knowledge, information and resources they need to achieve a high quality of life and optimum health and wellbeing.

MENTORSHIP is long-term, centered in community and built around relationships between positive adult role models and young women facing challenges in their social and personal lives.

Embodying responsible **LEADERSHIP** with integrity, from a shared vision that inspires and motivates, and with the capacity to grow through change and deliver sustainable outcomes, perfects the ability to enable others to greatness.

CIVIC ENGAGEMENT is working to make a difference in communities. It is essential as young women and girls become empowered that they learn the importance of giving back and helping to build thriving communities.

Message from the Board President, AGM 2021-22

Dear JAC Staff, Volunteers, Supporters, and Families,

The year 2022 was quite the year with challenges for so many. Yet, at the JAC we have accomplished much together as we gradually returned to in-person classes.

The Executive Director's Report will provide you with some of our milestones.

I am grateful to the hardworking Board of Directors who generously give so much of their time to governance issues. I thank the funders and donors who support us financially so we can provide programs for our girls.

I am energized by the community partners and collaborators who support our vision to empower young women and girls. To our girls, as we start a new year let us resolve to be the best we can be.

Sincerely,
Augustine

Message from the Executive Director, AGM 2021-22

Our doors are open! March Break 2021 kicked off the Jean Augustine Centre for Young Women's Empowerment's (JAC) return to in-person programs. We excitedly but cautiously brought back a range of programs at 50% capacity.

This approach ensured that we could effectively run programs while maintaining a safe environment for our community.

After being online for over a year, it was wonderful to see so many familiar faces again (albeit hidden by masks). Our girls and young women returned to JAC a little older, a little taller, and a lot wiser from the pandemic experience.

Many takeaways were gained by our return to in-person programs. The main one being that we needed to find creative ways to re-engage our girls and young women. We tuned into what our participants were interested in from a programming perspective. Programs like, JAC's social entrepreneurship program, Craftastic Market, and cooking program, Chef's Catering, were high on the list. These programs allowed participants to learn crafts and life skills while expressing their creativity.

Additionally, JAC's academic and STEM programs had great attendance. Our peer-tutoring program, reading program and math program, helped bridge the gap that many experienced through online learning.

We also recognized that our young people just needed to regain interpersonal connections. Our programs like Her Spot and Youth Council were effective in meeting that need. These opportunities provided a space for them to connect and share ideas in a supportive environment.

Now, as we have returned to 100% capacity, we are excited to welcome our participants back for these opportunities and many others. We look forward to empowering girls and young women not only in our primary catchment of Etobicoke-Lakeshore but also throughout the Greater Toronto Area!
